

Umoja Leadership Collective

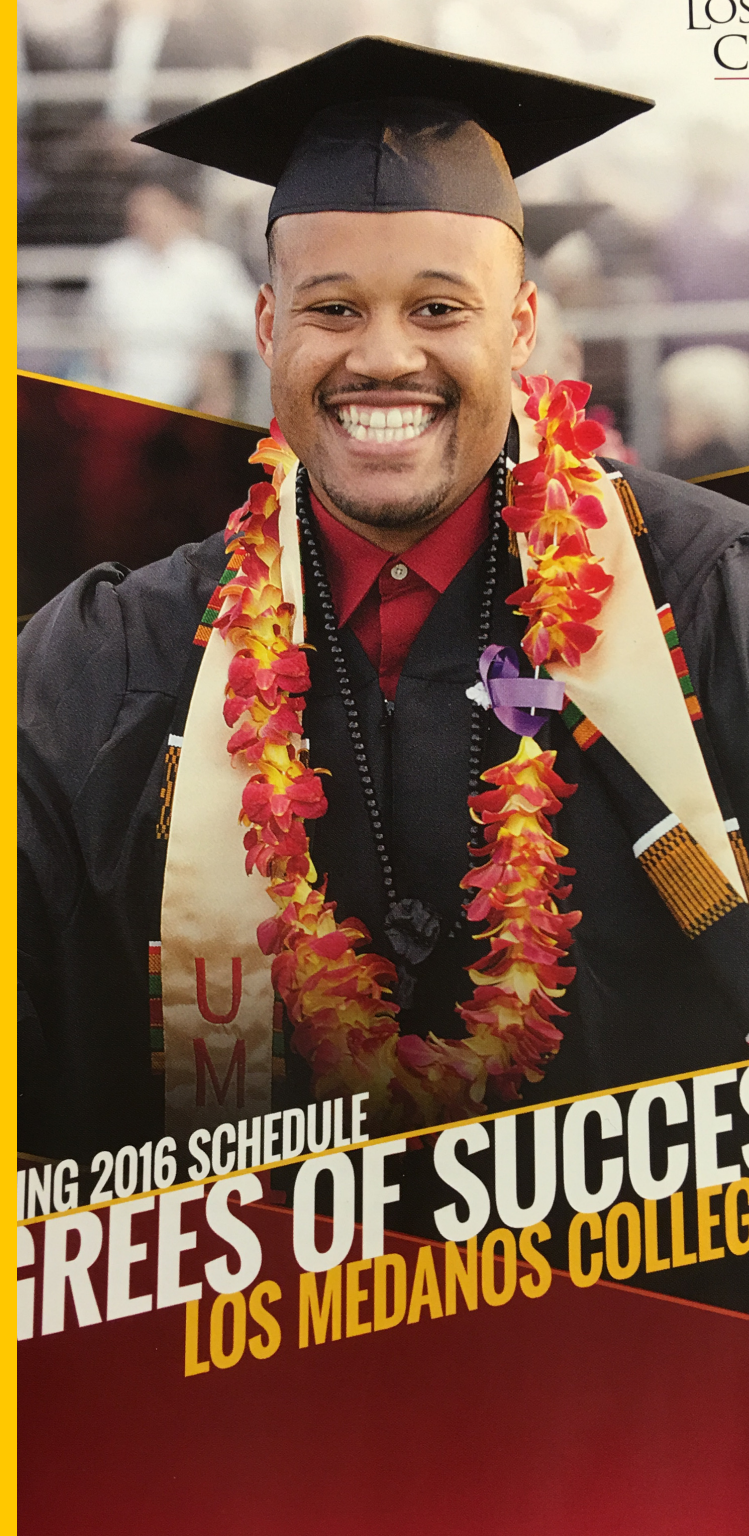

Our leadership group is the Umoja Leadership Collective (ULC). We plan to cultivate and manifest individual and community transformation through leadership.

ULG: This is How Do it!

- We plan on establishing our group as an optional component of our club. This will be open to all students who want to be a part of supporting Black students and the community, and want to develop their leadership skills.
- We want to be known as a group that provides service to, and is a positive force, in our community both on and off campus.

ULC: This is How Do it!

- We plan to build our membership by hosting information sessions about our club and its leadership opportunity. For those that want to be leaders will have to complete an application and agree to a set of expectations which include assignments and meetings. What is your relationship to your Umoja program on campus?
- We want our social platform to be consistent with posts and video that consist of positive, motivating, inspirational, and informational imagery and messages.

Action Item #1

1. Finding Out the Needs of the Black Students at LMC

We will incorporate a version of the Umoja Practice, "the Porch", to achieve this goal.

A. Focus Groups

B. Black Town Hall: State of the Black Student

Action Item #2

2. Intentional & Deliberate

We will Incorporate a form of the Umoja Practice of being "Intentional & Deliberate" by assessing our first Action Item (finding out the needs of Black students) to inform our second Action Item. We asked our people and now we want to let our people know that we hear them and will work on making sure their needs are met.

Action Item #3

3. Community Engagement

We will incorporate a version of the Umoja Practice of "Community - Building Communal Intelligence" tapping into the intellectual and social capital of our community to network, widen our community of support, and cultivate partnerships to support the health and education of our community.

A. Black Family Day

B. Black Leaders Brunch

C. Foster Youth Initiative

D. Develop relationships with Black clubs at high schools.
